

# **Goodbye**

**When we first met, I knew that I could trust you.  
Few times in my life has something like that happened...  
and continued to ring true through the course of time.  
You've been such a special friend to me.**

**You have been through so many painful, as well as joyful times  
in my life, and no words can express the sorrow that I feel  
because you are leaving.**

**The years have flown by, and it seems that maybe we didn't  
appreciate all of the time that we had to share with one  
another.**

**I know we must look upon the upcoming change as a new and  
exciting adventure... especially for you.**

**Although you'll always be with me in thought and prayer, I  
will miss your friendship each and every day...  
more than words can express.**
