

## **My Student**

**You're a very special person  
And you should know  
How I loved being your teacher  
And how fast the year did go**

**Please come back to visit me  
As through many grades you'll grow  
try hard to learn all that you can  
There is oh so much to know**

**One thing that I tried to teach you  
To last your whole life through  
Is to know that you are special  
Just because you are you!**
