

## **You've Touched My Life**

**You've touched my life...**

**in special ways through your understanding  
and the thoughtfulness you've shown.**

**You've touched my life...**

**through all the loving guidance  
that you've given me...  
through the memories we share.**

**So whether we're near or far,  
in so many warm and special ways,  
I know your love will always touch my life.**
